ABSTRACT

The work explains the process of establishing the oldest state communities on the territory of the current Montenegro. It indicates on historical circumstances of establishing the first Illyrian state that had covered the current territory of Montenegro, with a special focus on Illyrian tribal communities and the manner of their military and social organization. It explains historical circumstances for dissolution of Illyrian state and establishment of Roman Empire rule, as well as later establishment of the first Slavic principalities and their political and military conflicts with Byzantium Empire.

KEY WORDS:

Montenegro; Illyrians; Roman Empire; Slavs; Byzantium Empire; Duklja; Vojslavljevići;

¹ Prof. Dr Živko Andrijašević (Bar, 1967), full professor at the Department of History of the University of Montenegro. Its narrower scientific research area is the political and social history of Montenegro of the 19th and 20th centuries and the history of ideas.

SAŽETAK

U radu se objašnjava proces formiranja najstarijih državnih zajednica na prostoru savremene Crne Gore. Ukazuje se na istorijske okolnosti formiranja prve ilirske države koja je obuhvatala i prostor savremene Crne Gore, sa posebnim fokusom na ilirske plemenske zajednice i način njihove vojne i društvene organizacije. U članku se objašnjavaju istorijske okolnosti raspada ilirske države i uspostavljanje vlasti Rimskog carstva, kao i kasnije formiranje prvih slovenskih kneževina i njihove političke i vojne sukobe sa Vizantijskim carstvom.

KLJUČNE RIJEČI:

Crna Gora; Iliri; Rimsko carstvo; Sloveni; Vizantijsko carstvo; Duklja; Vojislavljevići;
